

REBEL RIDGE WINES

2023

CABERNET SAUVIGNON

CALIFORNIA

Rebel Ridge Cabernet Sauvignon is reflective of California's growing sites, where the power of the California sun leads to optimum ripeness. Hand harvesting in the early morning hours helps preserve that ripeness and leads to excellent balance.

Rebel Ridge Cab23 Black Edition is medium to full-bodied wine with an added layer of 15% Petite Sirah. This combination results in juicy, ripe flavors of dark red and blue fruit accented by hints of ground spices, sandalwood and cocoa. Aging in a combination of new oak and neutral barrels prior to the final blend leads to a succulent texture backed by polished tannins that carry on the vivid, fleshy finish.

FOOD PAIRINGS

The dark red fruit and balanced palate make this Cabernet Sauvignon an excellent choice for relaxing evenings under the stars accompanied by grilled meat dishes.

Varietal: Cabernet Sauvignon

Region: California

Alcohol: 13.5%

Aging: New Oak & Neutral Barrels

Rebel Ridge draws its name from the majestic mountain 'ridge', nestled amidst sprawling Californian vineyards, where three visionary 'rebels' in the wine world would convene. The head winemaker, hailing from the famous vineyards of Valpolicella in Italy, was eager to harness the abundant Californian sunlight. Their collective vision: a style less bound by pretense and more inclined towards a "full-on fruit" experience. Rebel Ridge stands as a testament to their determination to break free from the confines of tradition, creating wines that resonate with the vibrant spirit of California, basking in the sun-drenched hours that define the region.
